

# Let It Be Me – Everly Brothers

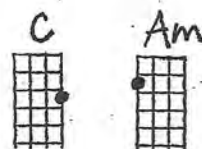

G                    D                    Em                    Bm  
 I blessed the day I found you    I want to stay around you

C            G            C            G  
 And so I beg you    Let it be me

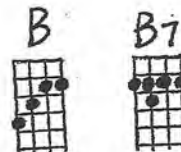

G                    D                    Em                    Bm  
 Don't take this heaven from one    If you must cling to some one

C            G            C            G  
 Now and for ever    Let it be me

C                    Bm                    C                    G  
 Each time we meet love    I find com plete looovee

Am                    Bm                    C                    B D  
 Without your sweet love    what would life be

G            D                    Em                    Bm  
 So never leave me lonely    Tell me you'll love me only

C            G            C            G  
 And that you'll always    Let it be me

C                    Bm                    C                    G  
 Each time we meet love    I find com plete looovee

Am                    Bm                    C                    B D  
 Without your sweet love    what would life be

G            D                    Em                    Bm  
 So never leave me lonely    Tell me you'll love me only

C            G            C            Am  
 And that you'll always

*[no chord - slowly]*    G  
 Let    it    be    me
