```
|C          |C                    |G         |G  |G7
Song sung blue  everybody knows one     song sung blue
                       |C          |C  |C7               |C7
Every garden grows one      me and you  are subject to
     |F                       |F-Em-Dm-C    |G
The blues now and then                but when you take the blues
                                      |C          |C          |Dm       |G7
And make a song  you sing them out again  sing 'em out again

     |C                           G      G7
     Song sung blue  weepin' like a willow  song sung blue
              C          C7
     Sleepin' on my pillow      funny thing  but you can sing it
            F              F-Em-Dm-C        G
     With a cry in your voice            and before you know it
                                  C              G7
     Get to feelin' good  you simply got no choice
```

| C | C | G | G | G7 | G7 | C | C |

```
C7                               F                   F-Em-Dm-C
Me and you  are subject to the blues now and then
     G
But when you take the blues and make a song
               |C        |C           |Dm       |G7
You sing them out again   sing 'em out again

     |C          |C  |G  |G  |G7          |G7  |C  |C
     Song sung blue          song sung blue
     |C7                             F                F-Em-Dm-C
     Me and you  are subject to   the blues now and then
          G
     But when you take the blues  and make a song
               |C        |C           |Dm       |G7   |C (1-strum)
     You sing them out again   sing 'em out again
