        C                        F              C
If you see your brother standing by the road
               G       F                     C
With a heavy load     from the seeds he sowed
C                            F            C
And if you see your sister  falling by the way
              G     F                      C
Just stop and say     You're goin' the wrong way
            G                          F           C
    You've got to try a little kindness    Yes show a little kindness
        F                 C            G
    Just shine your light for ev-ery-one to see
            F                          C         Am
    And if you try a little kindness    then you'll overlook the blindness
        F              G            F      G    |C      |
    Of narrow minded people    on their narrow minded streets

Will help some one    along their way
            G                          F           C
    You've got to try a little kindness    Yes show a little kindness
